

## Head Injuries

What would you prefer us to do about head injuries?

Please delete as necessary and return to Pre School

NOTE, you can choose more than one option

- a) Phone you at time of incident, however Big or Small. Yes/No
- b) Phone you at the time of incident only if the injury gives concern to our paediatric trained first aider. Yes/No
- c)
- Or, as we do at the moment, if we do not have any concerns at the time of injury and we do not have any concerns whilst observing your child for the remainder of their session time, inform the adult who collects child at the end of your child's session. Yes/No

**Please also note that no matter what your decisions for all the above, for each child who receives a head bump however Big or Small, the adult collecting them will now be issued with a form at the end of the child's session time to take home. Stating nature of injury, time and date and with guidance notes taken from the St John's ambulance hand book.**

**If you have any questions re this questionnaire do not hesitate to ask Anita.**

Thank you.
