Little Nippers Facebook Page

As a result of the positive feedback we received from the Facebook questionnaire we have decided to seek parents and carers permission to put photographs of the pre-school children and activities on our Facebook page.

If you haven't already, please "like" our Facebook page this can be found by searching Facebook for "Little Nippers" (look for our crab logo to find the right one!) You will then be able to check regularly for updates, information and photographs. As our page is visible for anyone to view and like we will not be putting the children's names with the photographs and we fully understand if you do not want your child included in any Facebook photos. However we do want to show the community and even the world what fun we have Little Nippers as well as share reminders and information with you. Our current policy still stands regarding photos taken by parents at pre-school events – they should not be put on Facebook.

Please complete the permission form below and return it to preschool. If you have any questions or concerns please speak to Anita or Jane, who are the Facebook page administrators.

Thank you

Nikki
